ObjectWin is a Texas Department of Information Resources vendor for Comprehensive Web Development and Management Services to Texas State and Local agencies through the Go DIRect Program.

Service Categories

ObjectWin has extensive government experience, with solid capabilities in web development, and authorized to provide Texas DIR customers with services in the following Web Development and Management categories:

- Website Design/Development
- Web Content Management
- Future Customization
- Maintenance, Training, Support

Pricing

Categories	Customer Discount
Website Design/Development	20.75%
Web Content Management	20.75%
Future Customization	20.75%
Maintenance, Training, Support	20.75%

Website Design/ Development

ObjectWin offers end-to-end services for website design and development beginning with:

- scoping, needs analysis and gathering of detailed requirements
- architecture and conceptual design
- construction, configuration, testing, deployment, and ongoing support.

We design our websites for:

- compliance with established standards
- engineer them for intuitive navigation
- search engine optimization
- high performance transaction processing
- custom creative graphics artwork as needed.

Web Content Management

Allows customers to create, manage, store, and deploy the content of web pages through the use of specific tools.

Future Customization

ObjectWin provides future customizations for agency sites as required by the organization, Section 508 requirements, legislation, or other necessary requirements.

Maintenance, Training & Support

For website training, maintenance and support, we offer services that include technical and user documentation deliverables, and on-site training, which includes a complete walkthrough of operational activities that the customer may need to perform to maintain their websites.

How to Buy

Texas DIR requires two items to be completed before work can begin:

- Statement of Work (SOW)
- Purchase Order (PO)

Please e-mail dbits@objectwin.com or call 1-800-540-9210 and one of our project managers will work with you to complete the SOW. After SOW completion, you can request a PO from your purchasing department to be submitted to ObjectWin and work can begin immediately on your project.

* All services provided by ObjectWin Technology, Inc. are backed by a 30-day warranty. Any defects and service issues will be resolved at no cost within the warranty period.
